WASHINGTONIAN TAKES

BRYAN FROM THE MOB

"Bill" Donaldson's Hand Cut and Clothes Torn Getting Nebraska Into Convention Hall.

Special Dispatch to The Star. ST. LOUIS, June 16.—Had it not been for William Donaldson of Washington, D. C., there might not have been any of the convention, Donaldson, known all over Washington as "Bill," is the superintendent of the House press gal-

lery, and is here working very effectively in the press section. Last night the inevitable riot, which occurs at every convention when the police and firemen and politicians slip their own friends in and bar the door to regular ticket holders, caused a crush at the door. Over ten thousand people were inside the Coliseum and thousands more were outside, pushing to get in, among whom were national committeemen and delegates.

At the press entrance fifty newspaper men who had every right to be inside were held out by the arbitrary orders of firemen and police. "Bill" Donaldson caught wind of the situation and rushed to the press entrance. The first thing he saw was William Jennings Bryan fighting bravely but unsuccessfully to get inside. "Let that man in," yelled Donaldson. "Nothing doing," replied the policeman. "Don't

you know who he is?" asked Donaldson. "No, and I don't care," answered the policeman. Donaldson then rushed inside, got the stocks and pugilistic looking Senator Hughes of New Jersey, pulled him through the crowd, and Bryan through. Donaldson's hand was cut and his clothes were torn.

PROGRESSIVES INDORSE SEABURY FOR GOVERNOR

New York Committee Favors Democratic Candidate and Charges Treachery at Chicago.

NEW YORK, June 16.—Judge Samuel Seabury of the New York court of appeals, a democrat, was endorsed for governor last night by the New York county committee of the progressive party. Hamilton Fish, Jr., was endorsed for lieutenant governor.

A resolution was passed declaring that if Col. Roosevelt does not accept the progressive nomination the executive committee of the progressive party should select another candidate from that party for President.

Oscar S. Straus Speaks for Hughes. The resolution was adopted following a speech by Oscar S. Straus, in which he stated plainly that he was for Charles E. Hughes for President and tried to induce the committee not to adopt the resolution.

Mr. Straus declared the party had not been "sold out" by its leaders. He specifically mentioned the names of George W. Perkins, and declared that Mr. Perkins had kept faith with his party.

Virtually every committeeman present charged during the meeting that the delegates at the present convention in Chicago had been "hood-winked." Some of them said the republicans were "new" and "advancing."

RESURFACING CONTRACT LET.

Syracuse Company Successful Bidder for District Work.

The Warner-Kingman Asphalt Company of Syracuse, N. Y., was today awarded a two-year contract by the District Commissioners for resurfacing asphalt roadways in the District of Columbia.

The successful bidder was awarded the contract on a price of \$1.51 per square yard for reduced asphalt. This was 6 cents a square yard lower than the price stipulated by the Crawford Paving Company of Washington, the present contractor. Approximately \$175,000 is to be spent annually under the new contract.

The bids were opened June 1 and five contracting companies presented estimates. The successful company at present holds the contract for laying new asphalt roadways. After July 1 bids are to be advertised for under the pending District appropriation bill for the laying of new roadways.

After checking lists reports five drowned.

EUREKA, Cal., June 16.—All of the 210 passengers and crew of the steamer Bear, wrecked on Sugar Loaf reef, near here, Wednesday night, have been accounted for, according to a statement made today by Purser C. F. Heywood. He said that after a careful checking of the passenger list he was convinced that the five persons drowned and whose bodies have been recovered were the only ones that perished. One body, that of a young woman, still is unidentified.

Two hundred feet from shore the steamer lay pounding on the reef, but still intact. Members of the crew had a line out to her and were endeavoring to take off baggage and valuables.

Capt. Nopander said that at the time the Bear went ashore he was taking every possible precaution for the safe handling of the ship in foggy weather. "There were five of us on watch," he said, "and the time struck 11. The sounding machine was going continually. When the soundings showed twenty-eight and thirty fathoms we headed the ship toward shore until we got no bottom. We changed the course slightly south, and a few minutes later the ship struck."

Boats Collide in Surf. Two of the Bear's lifeboats were swept toward the shore and compelled to make a landing through the surf. While in the surf the boats collided and both capsized. They were eventually righted, but three persons from one boat and two from another were drowned. The others reached the beach near Cape Town.

A woman passenger's dog was said to have been responsible for the capsizing of the boats. According to one of the survivors the dog fell overboard and the woman who owned it reached out for the animal, and in doing so knocked one of the oars out of the carlock. This caused the boat to veer into the other lifeboat and both turned over.
